

Investing for Success

Snapshot report

Under the Investing for Success Agreement for 2018
Kogan State School received

\$15,989

Our full 2018 agreement can be found at: [2018 Kogan State School Investing for Success Plan](#)

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Additional Teacher Aide and Support Teacher Literacy and Numeracy (STLaN) hours were accessed to support the implementation of individual, teacher developed, Literacy and Numeracy programs with identified students.
- Key staff were provided with opportunities to continue to develop their knowledge and understanding of 'Data Literacy' through actively participating in the Leading Learning Collaborative Project.
- The school used Early Start materials across Prep to Year 2 to inform teaching, learning and resourcing, and to track progress.
- The school purchased resources to support student diagnostic assessment in reading and resources to implement an Early Years Oral Language Program for use in Prep and Year 1.
- All Teacher Aides engaged with the *How to Teach Reading* online coaching modules to enhance their skills and knowledge in the teaching of Reading.
